

Global Insurance

Optimize employee health, well-being and productivity with

Global Solutions for South Asian Employers

UnitedHealthcare Global is here to support your growing business and its globally-mobile employees. Our solutions optimize workforce health, well-being and productivity with culturally-conscious support tailored to meet the needs of South Asian rotational employees.

Assistance navigating health care systems worldwide

- New member welcome calls
- Health and wellness tools, including Rally.com
- Optional orientation for mid-size group onboarding
- Information on accessing health care in the U.S., including member-specific care coverage considerations
- Worldwide health care provider locator and claims submission online through myuhc.com

24/7 support

Access 24/7 customer support everyday of the year. Emergency support is also available to your employees in **more than 100 languages** every day of the year.

Global and U.S. network strength

Our global network of more than **1 million care providers** is backed by the expertise of our parent company, UnitedHealth Group, which supports **132 million people** in **125 countries worldwide**.

Comprehensive benefits and member onboarding

Medical, travel and assistance services support **all in one place** and processes to help familiarize your employees with how to use them.
